

## ***Manual***

# **SOC medium**

A complex medium used for culture of high-performance *E.coli* competent cells.

<b>catalog #</b>	<b>size</b>
K-SOC-40	40 ml
K-SOC-240	240 ml

For research use only.

### **Guarantee**

A&A Biotechnology provides a guarantee on this product.

The company does not guarantee the correct performance of this kit in the event of:

- not adhering to the supplied protocol
- use of not recommended equipment or materials
- use of other reagents than recommended or which are not a component of the product
- use of expired or improperly stored product or its components

# Description

**SOC medium** is used in the final step of bacterial cell transformation to obtain maximal transformation efficiency of *E. coli*.

# Contents

Components: tryptone, yeast extract, NaCl, KCl, MgCl<sub>2</sub>, MgSO<sub>4</sub>, glucose

# Specification

**Form:** solution

**Preparation method:** ready to use

# Storage

Storage temperature: -20–25 °C
